

## Air travel paper.

**Passed:** May 2008

**Reviewed:** Dec 2013

**Reveiwed:** Jan 2016

**Further review required:** May 2019

**Owner:** VP, Education

**The Student Union believes:** Air travel has the highest carbon footprint of all travel methods available in the UK. The Union also believes that as an organisation we should be taking steps to reduce our carbon footprint.

**The Student Union resolves:** That travel by air will only be agreed for Student Union staff and officers if no other mode of transport exists that is practicable for the journey in question. Additionally and in any case, air travel will never be used to travel within England.
