

CHARLOTTE BAKER (STUDENT UNION PRESIDENT)

Re Elect Charlotte for a President, who is consistent, delivers and will do their best to support YOU!

I'm Charlotte (she/her) and I am rerunning to be your President again for the year 23/24. I have absolutely loved being your President for the last year but there is so much more I can/want to do. I want to be YOUR President again as you deserve to have someone who will give it their all to support you, who is consistent and delivers.

I am that President.

Cost of Living

- This year from the beginning of my term of office 22/23 I lobbied and worked with the University to do more for students in the current and continuing Cost of Living crisis, but I want to do even more for our students. I will continue and improve both The Bookcase and Clothes Drive as well as continue conversations with senior management to get more money to support students as well as get more students around the table and have these conversations at a regional/national level.

Equity and Diversity

- In October 2022 I introduced the One Winchester portal online to provide an outlet for students to have somewhere to learn, engage and celebrate our student body but I want to do more. I want to have a physical touchpoint in the Union, bring One Winchester in person with an Equity and Diversity Day, to further the Unions work with student voice at the forefront as well as making recommendations to the University.
- I will introduce One Winchester representatives to make sure throughout the University we have students that are advocating on behalf of the Union to make tangible change for Equity and Diversity to make Winchester University a supportive, safe and comfortable place to live and study.

Student Voice

- I will create more ways students can have their say to us at the Student Union or University in whatever manner suits them. Whether these be online or in person.
- I will create more opportunities for students to have their say on what matters to them. I want to create sustainability sessions for the University community to come together to find out what we can be doing to improve our environmental efforts.

Communication

- I want to make the Student Union as accessible as possible with our outreach being clearer and consistent. Through student takeovers, student volunteering as well as broader ways to get involved in all aspects of the Union.

I love the Student Union, the students and the Winchester community and want the opportunity to do all I can one more time for you – the Winchester students. I have done so much already as your President and am always championing your voice and making changes, but I have more to give.

I am so proud to represent you and you deserve to have consistency, someone who delivers and someone who will give it their all to support and represent you.
